A lady answered her front door to find a plumber standing there "I'm here to fix the leaky pipe," he announced.

"I didn't call a plumber," said the lady.

"What?" huffed the plumber.

"Aren't you Mrs. Snyder?"

"The Snyders moved out of this house a year ago," explained the lady.

"How do you like that," grunted the plumber. "They call you up and say it's an emergency then move away!"

A friend and I were standing in line at Mac Donald's, waiting to place our order. There was a big sign posted. "No bills larger than \$20 will be accepted." The woman in front of us, pointing to the sign, remarked, "Believe me, if I HAD a bill larger than \$20, I wouldn't be eating here."

## Why Men Pee Standing Up

Seems God was just about done with creating the universe but he had two extra things left over in his bag so he decided to split them between Adam and Eve.

He told them that one of the things he had left was a thing that would allow the owner to pee while standing up. "It's a very handy thing," God told them, "and I was wondering if either one of you would like that."

Well, Adam jumped up and down and begged "Oh, give that to me! I'd love to be able to do that. It seems just the sort of thing a man should be able to do. Please. Please! Please! Give it to me." On and on he went like an excited little boy.

So Eve just smiled and told God that if Adam really wanted it so badly, he should have it. So God gave Adam the thing that allowed him to pee while standing up and he was so excited. He whizzed on the bark of a tree and then went off to write his name in the sand, laughing with delight all the while. God and Eve watched him for a moment and then God said to Eve, "Well, here's the other thing and I guess you can have it." "What's it called?" Eve asked

"Brains" God said

**Paul:** That's right, and she even took his leash, water bowl, and toys.

Max Seaman celebrated his eightieth birthday party with his wife, Reba, and a few old cronies. When the guests left, Max sank down on the davenport, his expression weary.

"Max, are you all right?" Reba asked anxiously. "I told you a man your age is too old for a party. Maybe now you'll listen!"

"My dear Reba," replied Max patiently, "a man is not too old until it takes him longer to rest up than it did to get tired!"

### How Poor Are We

One day a rich father took his family on a trip to the country with the firm purpose to show the son how poor people live.

They spent a day and a night on the farm of a very poor family. The 1<sup>st</sup> day, they had a small lunch and tea made from spring water. Then the poor family worked all day around the farm doing their chores. The rich boy saw that the family all worked together and got things done rather quickly. Then it was time for supper which the wife had ready for them in their small kitchen. They all sat

down, the poor family joined hands and said grace. Then passed around the food, which was beef roast from the farmer's cow, vegetables & potatoes from the garden. The wife had even made a fresh homemade apple pie for dessert. That night they all sat out side around an open fire.

The poor father was telling the rich family all about the hard times, but how happy he felt by the love of God and his healthy family and how he would not change a thing.

When the rich family got back to their home the father asked his son, "How was the trip, and what have you learned?"

The son answered, "I saw that we have a dog at home and they have four. We have a pool that reaches to the middle of the flower garden; they have a creek that has no end.

We have imported lamps in the garden. They have stars. Our patio reaches to the front yard, they have the whole horizon."

When the boy was finished, his father was speechless.

His son added, "Thanks Dad for showing me how poor we are!"

Remember life is not measured by the things you own. It is measured by the things you do for others.

A man goes to the doctor and tells him that he hasn't been feeling well. The doctor examines him, leaves the room and comes back with three different bottles of pills. The doctor says, "Take the green pill with a big glass of water when you get up. Take the blue pill with a big glass of water after lunch. Then just before going to bed, take the red pill with another big glass of water." Startled to be put on so much medicine the man stammers, "Jeez doc, exactly what's my problem?" Doctor says, "You're not drinking enough water."

The cop got out of his car and the boy, which he stopped for speeding, rolled down his window. "I've been waiting for you all day," the cop said. The kid replied, "Yeah, well I got here as fast as I could." When the cop finally stopped laughing, he sent the kid on his way without a ticket.

There are a lot of folks who can't understand how we came to have an oil shortage here in Canada. Well, there's a very simple answer. Nobody bothered to check the oil. We just didn't know we were getting low. The reason for this is purely geographical. All the oil is in Alberta. All the dipsticks are in Ottawa.

Dumb and Dumber were going to California for the summer, they are about two hours into the flight and the pilot gets on the intercom and says. "We just lost an engine but it is all right we have three more but it will take us an hour longer. A half hour later he gets on the intercom again and says. "We just lost another engine but it's all right. We have two more. It will take us another half hour though." Dumber says. "If we lose the two last engines, we will be up here all day?"

After the christening of his baby brother in church, little Johnny sobbed all the way home in the back seat of the car. His father asked him three times what was wrong. Finally, the boy replied, "That priest said he wanted us brought up in a Christian home, and I want to stay with you guys!"
